

MEDITERRANEAN NEWS

DWZRV e.V. | Edition MNE007 | Martin von Falkenhayn

Dear friends of the Mediterranean Sighthounds!

Welcome to the Mediterranean News, the source for information about the prick eared sighthounds. In this issue the focus is on marketing your own kennel. Among other things, there is an interesting offer for advertisements in the Sighthound Journal for the annual winner show 2024 and the Sighthound Festival in Donaueschingen! You can find a quick guide to enter your dogs via OnlineDogShows at the end of this issue. First, a few important news on Mediterranean topics.

UPDATE: Mediterranean Grand Prix

In the last edition the conditions for awarding points for the Mediterranean Grand Prix were published. It subsequently turned out that participants from abroad are not allowed to compete at the German Coursing Sieger and therefore a double award of points there is not fair. Instead, participants from abroad will be awarded double points at the event in Hünstetten.

Type	Date	Location	Event (<i>double points</i>)
Coursing	14./15.09.2024	Grab	Deutscher Coursing Sieger <i>(only for participants from Germany)</i>
	28./29.09.2024	Hünstetten	CW Frankfurt <i>(only for foreign participants)</i>

Table of contents “Mediterranean News”

Looking for old posts in Mediterranean News? There is now a PDF document with the table of contents of all articles from all Mediterranean News. This eliminates the need to search through all the news and you can directly open the correct issue. The table of contents is available in the Mediterranean News downloads.

WORLD DOG SHOW 2024 - Results

The WORLD DOG SHOW took place in Zagreb from April 25th to 28th. A few participants from Germany also competed there.

The results are available at the following link.

FCI 5 (Saturday)

<https://www.onlinedogshows.eu/de/ShowResults/FciGroup/3087?groupId=5>

FCI 10 (Thursday)

<https://www.onlinedogshows.eu/de/ShowResults/FciGroup/3087?groupId=10>

Applications from the Mediterranean breeds at the AGM 2024 of the DWZRV

The annual general meeting of the DWZRV took place from March 17th to 18th in Espenau. Three applications from the Mediterranean Meeting were also voted on there. The proposals concerning the Podengo Português were approved unanimously. In the case of the application concerning the Podenco Ibicenco, an adjustment had become necessary for animal welfare reasons. This motion was also approved with a large majority.

Sighthound Congress / Breed Meeting of the Mediterranean Breeds

Some people have already noticed that a sighthound congress was planned for the end of 2024 / beginning of 2025. As part of this sighthound congress, the idea was to hold breed meetings there. Depending on the daily schedule, it would also have been an option for the Mediterranean breeds. Now that the sighthound congress is not taking place, the idea of combining a breed meeting with the congress is off the table.

The participants of the last Mediterranean Meeting wanted an annual rhythm in face-to-face form. Therefore, I ask everyone who is interested to send me suggestions for the location and date requests.

Member of the breeding commission for the breeds: Cirneco dell'Etna, Kritikos Lagonikos, Pharaoh Hound, Podenco Andaluz, Podenco Canario, Podenco Ibicenco and Podengo Português

Advertisements in the Journal for the annual winner show 2024

The popular Sighthound Journal will be published at the Sighthound Festival in Donaueschingen, which is also our annual winner show in 2024. In addition to articles and the catalog, advertisements can also be placed there.

There are special conditions on advertisements for exhibitors and breeders. The design of the ad is included in the price!

With this journal you have a reach far beyond the borders of Germany, because many participants come from all over Europe.

Present your successful Mediterranean dogs or your kennel!

This is a good opportunity, especially for breeders, to draw attention to their kennel, litters and litter plans.

Sighthound Festival JOURNAL – Price list (special conditions for exhibitors & breeders)

High-quality produced journal with a circulation of more than 1,000 copies.

Size	Format	Colour	Layout	Price *
full page	DIN A4	full colour	inclusive	140 EUR
half page	DIN A5 (landscape)	full colour	inclusive	80 EUR

* All prices stated are plus 19% VAT.

10% discount when submitting finished advertisements.

Print specifications for submitting finished advertisements (print PDF)

- Exact format: full page = DIN A4 [portrait format] or half page = DIN A5 [landscape format]
- Minimum distance to the side edge: 4mm
- Bleed marks (3 mm) must be set for frameless display printing.

Deadline to order a full layout or to send in your ready template: **15th July 2024**

Contact for inquiries and sending in your print template: *Angelika Heydrich* (email: uw@dwzrv.com)

Member of the breeding commission for the breeds: Cirneco dell'Etna, Kritikos Lagonikos, Pharaoh Hound, Podenco Andaluz, Podenco Canario, Podenco Ibicenco and Podengo Português

Breeder advertisements on the DWZRV website and the sighthound magazine "Unsere Windhunde" (UW)

There are many ways to advertise your kennel to get attention. There were once breeder lists in club magazines, and at the beginning of this millennium the option of having your own website was added. To this day, many people still cannot manage to create and maintain a website without outside help. The situation is different on the numerous social media platforms that are widespread today. With your cell phone, photos can be created in no time and, along with a few words, online just a few seconds later.

Not everyone can access all this data. Especially if the posts are only available to friends or a specific group of interested parties. In addition, the information can be spread over many entries and is usually very brief. This leaves those seeking information primarily to use it from search engines that primarily crawl websites. And so, the circle closes and the interested party ends up on a website.

The websites do not claim to replace social media, but they can be used as a supplement.

This is where the Sighthound Association website comes into play - as the first point of contact for information on all sighthound breeds. For breeders in the DWZRV, there are additional opportunities to advertise your kennel with little effort. Interestingly, these are rarely used. Therefore, they will be presented here.

Hint:

An entry in the breeder list in the magazine "Unsere Windhunde" (UW) and on the DWZRV website is subject to a fee (depending on the number of lines). The price list can be viewed in the current UW.

The screenshot shows a page titled 'ZÜCHTERLISTE' with a section 'Bedingung für die Eintragung in die Züchterliste'. Below this, there are numerous entries for breeders, each listing their name, address, phone number, and website. The entries are organized in columns and include various kennel names like 'Winn-Graß', 'de Krommet', 'Arndt & Telchak', etc.

Abb. Züchterliste in „Unsere Windhunde“

Breeder list (magazine „Unsere Windhunde“ (UW) and DWZRV Website)

The first, easiest and fastest way is the standard entry in the breeder list. The layout and mandatory information are specified. The ad can be booked through the office. The breeder list is divided into sighthound breeds. The entry appears both in the magazine “Unsere Windhunde” and on the association website (<https://www.windhundverband.de>).

Brief presentation of the kennel on the association website

An option that many breeders do not use is a brief introduction to their own kennel. The breeder list entry on the website has a link to the detailed view. Here the breeder can introduce his kennel in a few words and photos. All you need to do is send a short email to the editors of the association website (mail: uw@dwzrv.com).

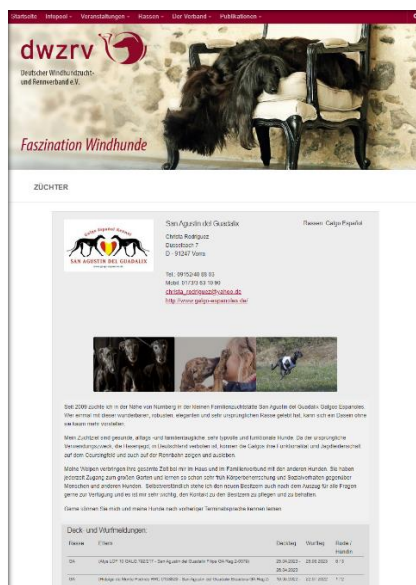

For me it is incomprehensible why this offer is hardly used. For those interested, it is a first look at the kennel and therefore the ideal opportunity to get them excited about their own breeding. The breeder's mating and litter reports are also published on this page.

Overview map of breeders (Google Maps)

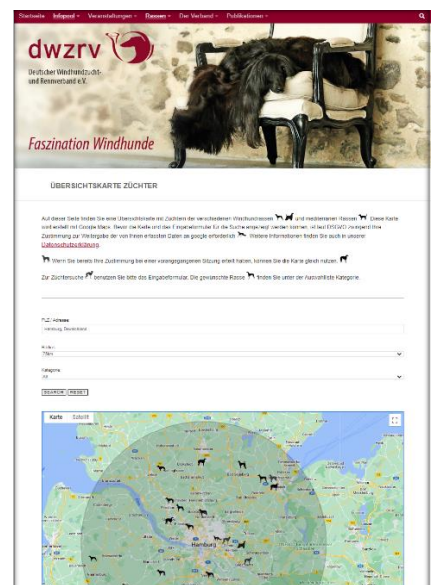

An overview map “Breeders” is also integrated on the DWZRV website. After entering the location, selecting a radius around this location and the breed, all breeders are displayed on a Google Maps map. By clicking on an entry, the interested party will be taken to a brief introduction to the kennel. An interesting function to find all breeders for a breed in your own area. This option is freely available to everyone if they have booked an entry on the breeder list.

List of stud dogs on the DWZRV website

After selecting the breed, you will find the “**Deckrüdenliste** (Stud dog list)” submenu. The list of approved male dogs is available for download there. It is updated annually. If your male dog was approved after this list was published and should appear there, then write to me and I will take care of it (for Mediterranean breeds). The same also applies if a male dog is to be removed from this list. Regardless of this list, it is possible to present the approved male dog on the website with a photo. The contact person here is again the respective breeding committee member.

Please submit the following information:

- Name of male dog
- Date of birth
- Name & address of the owner
- Father and mother of the male dog
- Body size
- Owner's email (and website)
- Titles won
- Phone / mobil

Podenco Ibicenco

DECKRÜDENLISTE

DWZRV e.V. | Stand: 10.07.2023 | Martin von Falkenhayn

Auf dieser Seite finden Sie im DWZRV zur Zucht zugelassene (angekürte) Deckrüden der Rasse Podenco Ibicenco. Auf dem jeweiligen Pedigree sind weitere Informationen zum Hund wie errungene Schönheit- oder Leistungstitel, Körung für Schönheit & Leistung etc. vermerkt. Soll Ihr Rüde von dieser Liste entfernt oder Angaben aktualisiert werden, wenden Sie sich bitte an das Zuchtkommissionsmitglied.

Advertisement in the magazine „Unsere Windhunde“ (UW)

Another way to advertise your own kennel or litters is to place an advertisement in the magazine “Unsere Windhunde”. Admittedly, there is a fee for this, but sometimes there are special conditions - for example at Christmas.

At certain events, successful sighthounds can submit a photo, which will be published free of charge in “Unsere Windhunde”. This is another way to draw attention to your own breeding facility.

CONCLUSION

There are certainly other ways in which the DWZRV could support its own breeders in presenting the kennels. Left completely alone by the DWZRV, as is so often said, is not true on closer inspection. In its current form, the DWZRV offers a base on which every breeder can build their individual strategy. It's up to you to use this.

OnlineDogShows - How do I enter my dogs for the show?

This year, the first DWZRV dog shows will be held as a pilot project via OnlineDogShows. This also includes the annual winners show 2024 for the Mediterranean breeds in Donaueschingen.

For those who often take part in shows abroad, this is a well-known registration platform, for others it is completely new territory. There are a few differences compared to the DWZRV registration portal. This quick guide is primarily aimed at those who have not yet had any contact with OnlineDogShows.

Hint: Familiarize yourself with the new platform in advance. Is the entry deadline still a long way off? That's great. Because many people enter shortly before the entry deadline and then things can get hectic when all the data and documents still must be searched for.

Entering dogs takes place in 3 steps:

1. One-time user registration at OnlineDogShows.
2. Recording the dogs and their data.
3. Enter for the show.

For further entries, only the 3rd step is usually necessary. Steps 1 and 2 can be done independently and well in advance of the registration to a dog show. The advantage of this is that there is enough time to prepare all data and documents and record them on the platform. Ultimately, the first two steps are the same, which everyone took on the DWZRV registration platform years ago.

The main differences to the old platform are:

- The OnlineDogShows portal is increasingly being used for entering at DWZRV shows (currently pilot phase), at VDH shows (mainly in Dortmund) and international shows. Thanks to the uniform registration platform, user and dog data only must be recorded once in a central location and can be used for many events. This is not possible with the current DWZRV registration portal.
- The ratings are immediately visible to everyone worldwide in OnlineDogShows. In the past, exhibitors always had to look at the clipboard and hope that the results would be entered there. Those who were not on site only got the results via detours and usually only after days. In this context, it should be mentioned that the judge's report (only for the owner) can be accessed after logging into OnlineDogShows. There is no longer any waiting time for these to be printed or emailed.
- Another important difference is that when the dogs are entered, the entry fee must be paid immediately. Various payment options are available for this. For those who have entered at VDH or international shows in the past, this is nothing new.
- In the event of changes to the class or cancellation of the entry (even before the entry deadline), cancellation fees are usually due. Further information can be found in the terms and conditions.

Step 1: One-time user registration at OnlineDogShows

First of all, a user account must be created. Normally this should be the owner of the dogs.

After accessing the website <https://www.onlinedogshows.eu>, the language (1) can be set. By clicking on <Register> (2) the input mask for a new user account opens.

Selecting an additional language (e.g. “English”) is important if documents cannot be created in the language first selected. After clicking <Register> you will receive an email in which your registration must be confirmed.

Member of the breeding commission for the breeds: Cirneco dell’Etna, Kritikos Lagonikos, Pharaoh Hound, Podenco Andaluz, Podenco Canario, Podenco Ibicenco and Podengo Português
 Martin von Falkenhayn | Oststr. 6 | 56479 Willingen | ☎ +49 2667 9619135 | zkm-gr5@dwzrv.com

9 | 17
 MNE007

Step 2: Recording the dogs and their data

After the user account has been successfully created, the dog data needs to be recorded. To do this, select <My Dogs> from the menu on the right. All dogs that have already been created will then be displayed. By clicking on <Add dog> a new input mask will be opened.

The screenshot shows the 'Meine Hunde' (My Dogs) page on the website. The page header includes the logo 'ONLINE DOG SHOWS.eu' and navigation links like 'Alle Ausstellungen', 'Ergebnisse', 'Meine Ausstellungen', 'Meine Hunde', 'Meine Titel', and 'Organisation'. The user's name 'Jessica' and options to 'Abmelden' and 'Deutsch' are also visible.

The main content area is titled 'Meine Hunde' and lists five dogs:

Name	Sex	Chip	Date of Birth	Breed	FCI Group	Nr
Año del Fuego Canario	♂	276094501148983	08/04/2019	Podenco Canario	5	329
Atteneri del Fuego Canario	♀	276094501148984	08/04/2019	Podenco Canario	5	329
Tindaya	♀	900250000376729	07/01/2019	Podenco Canario	5	329
Guayre-de-Gran-Tarajal	♂	941000021878622	11/04/2016	Podenco Canario	5	329
Tayri	♀	981100002584596	06/04/2011	Podenco Canario	5	329

At the bottom left, there is a button labeled 'Hund anlegen' (Add dog), which is circled in red. A red arrow points from the 'Meine Hunde' menu item in the right-hand navigation menu to this button.

The footer of the page contains information about the exhibitor (AUSSTELLER), show secretaries (SHOW SECRETARIES), and payments (PAYMENTS). The exhibitor is Martin von Falkenhayn, and the show secretaries are Nicole Stangenberg-Frehse and Martin Schmucker. The payments section mentions 'Keine Kosten für Vereine und Veranstalter' and 'Kredit Karten sind akzeptiert'. The Visa logo is also present.

Member of the breeding commission for the breeds: Cirneco dell'Etna, Kritikos Lagonikos, Pharaoh Hound, Podenco Andaluz, Podenco Canario, Podenco Ibicenco and Podengo Português

Now all relevant data can be entered. The pedigree must also be uploaded. By clicking on *<Datei auswählen>* the document (pedigree) can be selected. If the upload is successful, the file name will be displayed next to it.

When entering the Date of birth (**DD/MM/YYYY**), pay attention to the correct spelling - especially the slash "/" must be used instead of a point.

If there is a champion certificate (or confirmation) for the dog, we recommend uploading this too. This is the only way the dog can be entered for the champion class.

Note: The button (2) for uploading the documents will only appear, after the champion certificate (1) is ticked. The same applies to the work certificate for entering in the working class.

As soon as the data has been saved, the “My Dogs” screen appears again.

IMPORTANT: Currently the previously entered data is being saved incorrectly. In order to correct this data, the relevant dog must be selected and the information corrected.

In the “second attempt” the data is then saved correctly.

Specifically, the point is that all words or names begin with a capital letter. It may not seem so important when it regards to dog names, but it is wrong when it regards owner or breeder names.

Once a dog has been entered for a show, some information cannot be changed (even in the future).

Step 3: Enter for the show

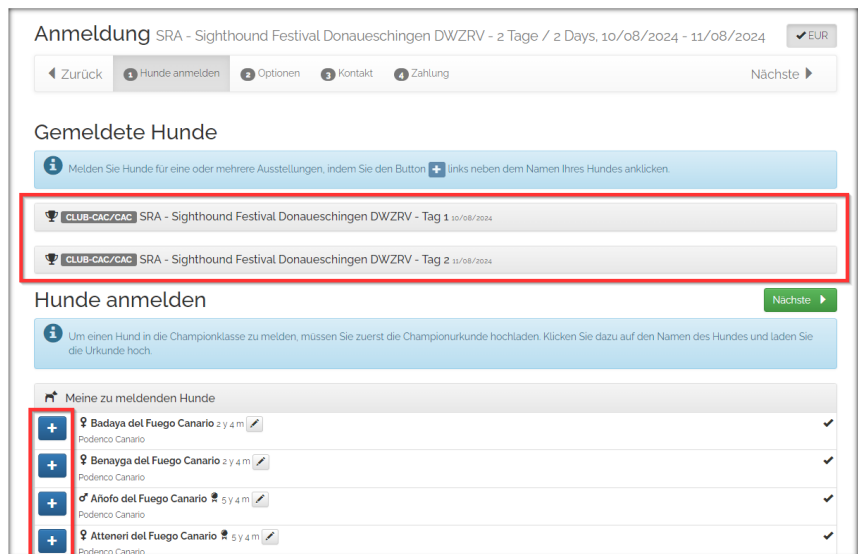

The last step is to enter for the show. After a successful LOGIN in the OnlineDogShows portal, the available shows after the upcoming entry deadline will be displayed under the menu item <All Shows>.

By entering “donau” in the search field, the Sighthound Festival will be suggested for selection. After clicking on the show, the event page opens.

Use the <Enter for this show> button to go to “Registration”.

The dogs that have already been entered are listed there and those that can still be entered are listed at the bottom.

Rasse : Podenco Canario
Name des Züchters : Jessica von Falkenhayn
Name des Vaters : Añofo del Fuego Canario
Name der Mutter : Tindaya

Sind diese Informationen korrekt?

Depending on which dog you want to enter, click on the + symbol in front of the dog's name.

If this dog is entered for an event for the first time via OnlineDogShows, an overview of the saved data appears. Please check the information because after the first entry to an event, some fields can no longer be corrected.

Dogs that have already been entered at another event go directly to the class selection. Only those classes that are permitted based on the dog data are displayed.

The selection is made by clicking on the respective button. At this event, classes can be chosen for 2 days of the show. It is even possible to choose different classes.

For classes that require proof of a certificate, an additional input window opens. The certificates (1) must then be uploaded there before registration (2) can be continued.

Hint: Upload certificates once to the dog data. This will then no longer be asked for.

After the first dog has been entered for the event, additional dogs can be entered for the event in the same way.

For further messages, the input mask may offer additional options - for example the couple class.

An already entered dog can be linked to the couple class in a "drop-down menu" (assuming different genders).

All entered dogs are listed in an overview on the registration form and can be checked (day of the show, name of the dog, class, additional options (e.g. couple class) and fees). **Dogs and options can now be deleted using the X symbol.**
